

# Cromwell Valley Park & Marshy Point Nature Center Present: Trail Guide Training 2017

**September 13, 14 & 15**  
(Wed. Thurs. & Fri.)

We are looking for volunteers to help teach about nature! Trail guides work with group programs, special events, and animal care. Training will familiarize you with our most popular programs, the ecology of Cromwell Valley & Marshy Point Parks, and techniques to “share more” and “teach less”.

Rachel Carson said, "It is not half so important to know, than it is to feel." We want you to help us nurture the sense of wonder that all children have.

Each day features new subjects and techniques for enjoying the great outdoors. The final day of training includes a visit to Fort Garrison

**September 13, at Marshy Point** – What is a Naturalist? Chesapeake Bay Ecology and Canoe Programs.

**September 14, at Cromwell Valley Park** – Fall Harvest and Reptiles & Amphibians.

**September 15, at Historic Fort Garrison** – Colonial Life and Native Americans. (To carpool, meet at Marshy Point at 9 am, or Cromwell Valley Park at 10 am.) \*\*We supply a historic Lunch at the Fort, or bring your own.\*\*

All training runs from 10am - 1pm.  
**Breakfast, snacks and coffee provided.**

New guides pay a tuition fee of \$5

**Call to Register:**

**Marshy Point ~ 410-887-2817**  
**Cromwell Valley ~ 410-887-2503**
