

Cromwell Valley Park & Marshy Point Nature Centers Present: Trail Guide Training 2018

September 12, 13 & 14
(Wed. Thurs. & Fri.)

We are looking for volunteers to help teach about nature! Trail guides work with school groups, public programs, special events, and animal care. Training will familiarize you with our most popular programs, the ecology of Cromwell Valley & Marshy Point Parks, and techniques to “share more” and “teach less”.

Rachel Carson said, "It is not half so important to know, than it is to feel." We want you to help us nurture the sense of wonder that all children have.

Each day features new subjects and techniques for enjoying the great outdoors. The final day of training includes a visit to Ivy Hill Forest.

September 12, at Marshy Point – What is a Naturalist? Chesapeake Bay Ecology and Canoe Programs.

September 13, at Cromwell Valley Park – Fall Harvest and Habitat Explorers.

September 14, at Oregon Ridge Park – Hike to Ivy Hill Pond and learn about the Ivy Hill Forest. (To carpool, meet at MPNC at 9:15 am, or CVP at 9:30 am.) **Be sure to pack a lunch**

All training runs from 10am - 1pm.
Breakfast, snacks and coffee provided.

New guides pay a tuition fee of \$5

Call to Register:

**Marshy Point ~ 410-887-2817
Cromwell Valley ~ 410-887-2503**
