Dear Mary Margaret

World Environment Day is the UN's most important day for encouraging worldwide **awareness and action for the protection of our environment**. World Environment Day is the "people's day" for doing something to take care of the Earth. That "something" can be focused locally, nationally or globally; it can be a solo action or involve a crowd. Everyone is free to choose. **The theme for 2018 is beating plastic pollution**. We can look for the many little ways we can reduce the amount of non-recyclable plastics from our lives. To learn more go to <http://worldenvironmentday.global/>

We also celebrate the third anniversary of the publication of *Laudato Si'*. We are especially attentive to this important document as it under girds all of *Love Gives Everything*. "...when we contemplate with wonder the universe in all its grandeur and beauty, we must praise the whole Trinity." (LS238) [St. Bonaventure] teaches us the each creature *bears in itself a specifically Trinitarian structure*. It is only our limited gaze that prevents us

from seeing it wholly. Let us challenge ourselves to contemplate "reality in a Trinitarian key." (LS 239)

Other International Days During June

Depending on where you live and your concerns, some of these links might prove useful. World Oceans Day also fits with the theme of #BeatPlasticPollution.

8 June World Oceans Day
